- A student wishing to access an external appeals process must contact Department of Home Affairs (DHA) and provide evidence of having accessed an external appeals process within 28 days of Choice Academic College notifying Department of Home Affairs (DHA) of the cancellation of enrolment. LIVING IN SYDNEY

Sydney has been voted one of the most beautiful cities in the world and has one of the world's most celebrated harbours. There is a variety of things you can do and see in Sydney when not studying. Australia's beaches are well known around the world, and increasingly we are also becoming known for our great food, wines and a multitude of sporting and cultural activities. Add this to our relaxed lifestyle and great weather and you will quickly understand why Sydney is one of the best cities in the world for students to enjoy

GETTING AROUND SYDNEY

Central Station has a direct train service to Sydney Airport plus train and coach services to most parts of the country. For weekends away, we can recommend the Blue Mountains and Jenolan Caves to Sydney's west, the Central Coast of NSW to Sydney's north, the South Coast of NSW to Sydney's south and the Hunter Valley wineries to Sydney's North West. Sydney and its surrounding areas also contain 37 National Parks (including the world's second-oldest National Park – the Royal National Park) with fantastic walking tracks and campsites, containing plants and animals you won't see anywhere else in the world.

ABOUT PARRAMATTA (approximately 15 min drive from our Camellia campus)

Located in the heart of Sydney Metropolitan region, 24 km from the Sydney CBD and 6 Km from Sydney Olympic Park, Parramatta offers a rich mix of dining, cultural, entertainment, retail and leisure experiences. From its world-class cafes and restaurants to its vibrant nightlife of theatres, cinemas and clubs, Parramatta has something on offer for everyone.

As the geographical, commercial and cultural capital of Western Sydney, Parramatta is the second largest CBD in Sydney, the second oldest European settlement on the Australian mainland and the sixth largest in the country. Parramatta is home to one of the top National Rugby Leagues teams the Parramatta Eels and also to one of the Southern Hemispheres largest indoor shopping complexes, Westfield Parramatta, which has hundreds of different shops and a multiplex cinema complex. With a \$14-billion-dollar economy, Parramatta is a major provider of business and government services including the headquarters for the New South Wales Police Force and Sydney Water.

With an advanced transport infrastructure system, Parramatta plays a key regional role in the transporting millions of people every day through its integrated network of rail, road, bus and ferry services. Its central location means that Parramatta is an important hub for medical, legal, financial, educational and professional services.

Getting to Parramatta is very easy: By car Parramatta is located next to the M4 motorway and it is well signposted from the motorway. Parramatta is a hub for many buses, which operate from a bus interchange near the station. If you are coming from the city, or near a train station, the train will usually be quicker than the bus. Parramatta is well served by Western Line trains to Central Sydney, the North Shore and the Central Coast. Trains run at least every 15 minutes and take 30 minutes for the trip into the City. Penrith, Black town, Richmond and Strathfield are also on the Western Line, making trips to these centers quick and simple. Trains to and from the Blue Mountains on the Blue Mountains Line also stop at Parramatta. Connections to Campbell town and Liverpool can be made by changing at Granville outside peak times. In peak hours, there are three services on the Cumberland Line which travels directly to Campbell town and Liverpool. Sydney Olympic Park can be reached by changing at Lidcombe for the "Olympic Sprint" train. The Loop is the City Council's free bus. The bus runs every ten minutes around a loop that covers most areas of the city, indicator boards on the bus make it easy to find your stop. The Rivercat ferry service runs between Circular Quay to the Charles Street Wharf. It's a very pretty and relaxing way for a cheap 55-minute harbour cruise.

STAYING IN AUSTRALIA

An international single student living in Australia requires approximately AU\$18,000-\$35,000 for living expenses each year (Australian Education International) Note: This figure does not include tuition fees. **Remember that your cost of living in Australia will vary according to your lifestyle.** For example, eating out at restaurants all the time will increase your living costs a lot, as will driving a car (you will have to pay for petrol, registration, maintenance and insurance, as well as the car itself). For more info visit <http://www.studyinaustralia.gov.au/en/Living-in-Australia>

Suggested Weekly budget

Remember figures are in Australia dollars and likely to be estimated:

Accommodation \$150 to \$300 (for a room in a shared house or apartment) per week

Food A\$60 to A\$100 per week and

Public transport A\$25 to A\$50 per week

Short term accommodation

A range of suitable accommodation is available for short stays immediately on arrival. These expenses are payable by students directly to the owners of the premises. Choice Academic College can arrange this short term accommodation on behalf of students.

Long term accommodation

Long term accommodation for overseas students is available. This includes rental and home stay accommodation. Choice Academic College provides accommodation assistance to overseas students including advice on location, tenancy agents, and rental agreements etc. Overseas students are provided with a list of internet sites and agents so that they can select their accommodation in advance.

Student rights and responsibilities under the ESOS

The Education Services for Overseas Students (ESOS) framework protects students' rights by ensuring that they have:

- the right to receive information about the courses, fees, modes of study and other information from their provider prior to enrolment and payment of fees and charges;
- the right to sign a written student acceptance agreement with a provider before or as they pay fees, setting out the services to be provided, fees payable and information about refunds of course money; and
- the right to get the education they have paid for - the framework includes consumer protection that allows students to receive a refund or to be placed in another course if their provider defaults.

ESOS framework sets out the standards Australian education providers offering education services to overseas students must comply. These standards cover a range of information students have a right to know and services that must be offered, including:

- appropriate induction and access to welfare services to help students study and adjust to life in Australia;
- if and how students can apply for recognition of prior learning or advanced standing;
- situations in which enrolment can be deferred, suspended or cancelled including compassionate and compelling grounds;

- what the requirements are for satisfactory progress in courses undertaken and what support is available if students are not progressing well; and
- a transparent complaints and appeals process.

Student responsibilities

Overseas students on a student visa, must:

- comply with student visa conditions at all times;
- maintain overseas student health cover for the period of their stay;
- abide by the terms of the student acceptance contract with the College;
- inform the College of any change of address and contact details;
- maintain satisfactory course progress and attendance; and
- if under 18, maintain approved accommodation, support and general welfare arrangements.

ATTENDANCE AND COURSE PROGRESS

International students must meet any attendance and course progress as part of their visa conditions.

The attendance requirements is based on scheduled classes each term (20 hours per week).

College course progress requires students to maintain a competent grade (see explanation below) on a minimum 50% units in which they are enrolled.

Students must take reasonable steps to contact the College in time if results in any of their units of study are not yet competent.

Assessment and grading

Assessment, procedures and criteria will be made clear to all students at the beginning of each unit or course.

Assessment provides for the recognition of competencies no matter how, where or when they have been acquired. Assessment covers the range of skills and knowledge needed to demonstrate competency and integrate knowledge and skills with practical application.

In general, College assessment methods include individual and group performance and presentation, examinations, oral and written tests, projects, case studies, role play, demonstrations and other classroom-based activities. The scope and nature of these will be carefully explained to all students before a unit commences.

Assessing student performance will be conducted in accordance with the assessment guidelines and competency standards of relevant training packages. Assessment will also have regard to validity, reliability, fairness and flexibility. The College will make adjustments to assessment for students who may have special or additional needs.

The College utilises competency-based approaches and grades are designated according to the description below.

Students will be awarded a grade satisfactory (S) for assessment items that meet expected performance standards. Students will only receive a competent (C) grade for the overall unit if all assessment items are graded as satisfactory (S).

If any assessment attempt does not meet expected standards, students may receive a NS (not satisfactory) grade for that item which will result in a not yet competent grade for the unit overall.

In other words, to be considered competent means students will have satisfied all unit requirements and passed the unit.

The grading not yet competent means students have not fulfilled course requirements, with re-assessment of some or all performance criteria for the unit required.

Assessment results and appeals

Students must check with trainer regarding assessment schedules and due dates.

Students must retain the proof of submission and have a copy (electronic or hard copy) as evidence. One way is to store information in a USB, or e-mail a copy to a personal address.

If disputes arise, students, must be able to show proof they have completed required assessment work and lodged it on time.

To obtain a competent grade in a unit, students must obtain a pass in each assessment item/task for the unit.

If students receive an outcome of not yet competent in one or more units, they may appeal results.

Any appeal has to be made within 30 days of the results release date.

If an appeal is unsuccessful, or the appeal period lapses, students need to pay re-assessment fees.
